EVENING BULLETIN, HONOLULU, H. T., WEDNESDAY, JUNE 13, 1991.

WON'T CONDEMN LAND **UNLESS FORCED TO IT** 

Purchase Will Require Additional Appropriation and That is Difficull to Obtain--Harbor Advantages Recognized.

[Special Correspondence.] Washington, D. C., May 24.—For several days past the Pearl Harbor Naval Board, with Admrial Barker presiding, has been in session in this city, to de-termine upon some plan for establishtermine upon some plan for establishing a naval station in this harbor. The questions at issue seem to be somewhat involved, and at this writing no plan Koita A M Pacheco P Shaw has been finally decided upon. The Navy Department is urging immediate action, realizing the extreme importance of establishing a naval base in the Ekela et al Hawaiian Islands at the earliest porsible moment.

With a view to establishing such a station , Congress has appropriated \$150,000. It is possible, in the light of recent developments, that this amount will have to be increased before a suit-able site can be procured. A recent re-Hilo, Hawaii. \$150. ### LAWSON'S YACHT ENTERED

New York, May 21.-It is unofficially stated today that the New York Yacht Club, through Commodore Lewis Cass Ledyard, has received a letter from Thomas W. Lawson, the owner of the Independence, in which the Boston yachtsman agrees to comply with all the requirements of that organization as to the conditions to govern the en trance of his yacht in the trial races As a result, it is said by one who claims to know, the Independence will be transferred to a member of the New York yacht Club and the Boston ninety-footer will be made eligible to com-pete in not only the contest to secure a boat to defend the America's cup against Shamrock II, but will be allowed to participate in the majority of the New York yacht Club fixtures in which the Columbia and Constitution will take part.

Favor Mechinical Filtration.

New water supply and purification works for Columbus, Ohio, at an esti mated cost of some \$3,800,000, have been recommended by Mr. S. M. Gray, M. Am. Soc. C. E., of Providence, R. I. The plans are based on a population of 240,000 in 1925; a present daily consumption of 16,000,000 gallons, with a maximum of 24,000,009 gallons, which figures will be increased to 30.000,000 and 45.000,000 gallons, respectively, in 25 years. The plan proposed includes a high masonry concrete granite faced dam and an impounding reservoir on the Scioto River, the development of water power there, a 60-inch steel conduit, 20,000,000 gallon mechanical filtration and water softening plant, 12,000 000-gallon clear water pumping station, a reinforcement of tion of three standpipes. It is not necessary to do all this work at once, moku. Jr., D.; May 7, 1901; house lot. but the portion recommended for im-Kapakahi, Waikele, Ewa, Oahu. \$175 Book 223, page 215. \$2,200.000. Mr. Gray estimates that gender much bitterness and friction, and this the Department wishes to avoid.

The only other way out is to select some site other than that first determined upon, where the property has mined upon, where more are the property has made and where more are the property has mediate construction would cost about \$2,200,000. Mr. Gray estimates that mechanical would be cheaper than slow and filtration by \$188,000 for first cost 1901; Lot 13. Block 293, Palolo Valley, and \$19,792 per year for operation, on a basis of 20,000,000 gallons a day; and the property has a property of the property of th that for both filtration and softening

The House of Commons was electrified and bewildered, too, by this outburst from an ardent member: "I see a vision float before my eyes, it is the car of progress, rolling on its majesty, gnashing its teeth as it goes. There are some people whose ideas of "progress" seem to be of this extravagant yet extremely vague kind. They take "progress" for granted, are superficial optimists, have no definte ideas on any subject, and while busy with a thousand cares, never seriously inquire what is the chief end of man. Borrowing for the moment a figure of the En glish parliamentarian, we do not won der that the "car of progres its teeth" at such people "as it goes."
